

**APLUS FUNDING UPDATE : - 9 March 2010**

## **FREE AAT FAST-TRACK FOUNDATION LEVEL TRAINING FOR YOUR EMPLOYEES (i)**

### **LIMITED OFFER DUE TO SHORT TERM GOVERNMENT FUNDING OPPORTUNITY**

Enrolments are being taken now for our Spring intake for the AAT Foundation level Accountancy Fast-track programme.

Programme details:

- \*Starts 29/30 March 2010, completed by July 2010
- \*Study venues in Plymouth, Exeter and Taunton
- \*Potential to progress to Intermediate level in July 2010
- \*Enrol now to secure your place as limited places available
- \*Adult funding is expected to change significantly in Aug 2010, with the possibility of loss of funding for Level 2 programmes for many of our typical learners

The government have serious cash flow issues and are looking for ways to "target" their funding support for vocational training and education, as well as reducing its overall level. Funding contracts are renewed on 1st August each year and we already know there will be less money next year. They have also cast doubt on whether they will provide funding for those taking 2nd level 2s - e.g. learners already with 5 GCSEs at grades A-C taking a level 2 Apprenticeship/Train to Gain - which accounts for most of our Foundation level learners.

(i) Subsidised course fees for eligible learners:

1st L2 qualification = £0, 2nd L2 qualification = £50+VAT  
(usual full (unfunded) course fees = £1,700 + VAT)

Call now to enrol or for further details: 0845 601 4401
